

## **NUNEATON**

### **News update that was unfortunately left off the latest newsletter.**

Since the 15th March Nuneaton have been unavailable to lead Sunday Services due to the Coronavirus, as a Church we have led Pastoral support to our elderly members and undertaken to do Church Services either on Zoom or conference call . Junior Church have been meeting as well over Zoom which has been a success. As Senior Steward during the peak of lock down I contacted many members via phone call to do pastoral support as unfortunately at the beginning Christine Temple a member and Steward passed away suddenly which was a big shock to the Church.

Our mid weekly Oasis Service continued via conference call and eventually Zoom.

We started to do virtual Coffee Morning on a Friday Morning as well. As the weeks continued, we commenced the weekly Monday evening Prayer/ Bible study via Zoom.

From the 1st week from when the Church temporarily closed for Services Rev'd Marcus prepared Service and notice sheets which a couple of Stewards disturbed to all members and adherents from the Church as part as their daily exercise! This was much appreciated by everyone as this kept everyone connected to one another.

Since the 6th September we have commenced Worship in our Church building this has been prepared, and risk assessment and action plan completed . These Services has been supported with a congregation of about 27 and we hope these Services can continue. These Services have been for about 30 minutes but have been a welcome and spiritual support for some of our members who have missed coming to Church for fellowship.
